
24+ ChatGPT Prompts for Teachers and Educators v2

By Nash AI

This pack contains 24 carefully crafted ChatGPT prompts designed specifically for Teachers and Educators v2.

HOW TO USE:

1. Pick a category that matches your current task
2. Copy the prompt text
3. Replace [SQUARE_BRACKET] placeholders with your specifics
4. Paste into ChatGPT and run

WHAT'S INCLUDED:

- 8 categories
- 24 ready-to-use prompts
- Placeholders for personalization
- Lifetime access — no subscription, no usage limits

TIPS:

- Stack prompts together for multi-step workflows
- Iterate: run a prompt, then refine with follow-ups
- Save your favorites in a personal swipe file

All prompts are model-agnostic — they also work in Claude, Gemini, Llama, and most modern LLMs.

Lesson Planning & Curriculum Design

3 prompts in this section

- 1. Act as a veteran curriculum designer with 20+ years experience in K-12 standards-aligned instruction.** Your tone is precise, pedagogically grounded, and warm. Compliance requirements: align to current state/Common Core/NGSS standards, include accommodations for IEP/504/ELL learners, avoid copyrighted text reproduction, and keep content age-appropriate. Task: Build a complete [DURATION]-week unit plan for [GRADE_LEVEL] [SUBJECT] on the topic of [TOPIC] anchored to standard [STANDARD_CODE]. Include essential questions, daily learning objectives in 'Students will be able to...' form, formative checks, summative assessment blueprint, differentiation tiers (below/on/above grade level + ELL + IEP), required materials, and a misconception map. real talk, output format: Return as sectioned markdown with H2 headings (Overview, Standards, Essential Questions, Daily Sequence Table, Differentiation Matrix, Assessment Plan, Materials, Misconceptions). Length: LONG (1200-1800 words).
- 2. Act as a backward-design specialist trained in Wiggins & McTighe's Understanding by Design framework with 15+ years experience.** Your tone is analytical, teacher-supportive, and clear. Compliance requirements: standards-first, no proprietary curriculum copying, inclusive of diverse learners. Task: Reverse-engineer a [SUBJECT] unit for [GRADE_LEVEL] starting from the summative assessment [ASSESSMENT_TYPE]. Stage 1: identify desired results (transfer goals, meanings, knowledge, skills). Stage 2: determine acceptable evidence (performance tasks + other evidence with rubric criteria). Stage 3: plan learning experiences using WHERE TO. Return as: numbered JSON with keys stage1, stage2, stage3, each containing labeled sub-sections. Length: MEDIUM (700-1000 words).
- 3. Act as an instructional coach with 12+ years experience refining teacher lesson plans.** Your tone is constructive and concrete. Compliance requirements: respect teacher autonomy, cite research-based practices (Hattie, Marzano, Rosenshine), no shaming language. yeah -- task: Critique and rewrite the following lesson plan: [PASTE_LESSON_PLAN]. Identify 3 strengths, 5 weaknesses tied to specific Rosenshine principles, and produce a fully rewritten version that fixes every weakness. Return as: three sections — Strengths (bulleted), Weaknesses (numbered with principle citation), Rewritten Lesson (full plan with timestamps). Length: LONG (1000-1400 words).

Differentiation & IEP/504 Support

3 prompts in this section

- 1. Act as a special education specialist with 18+ years experience writing legally compliant IEPs.** Your tone is precise, strengths-based, and family-respectful. Compliance requirements: follow IDEA 2004 language, use person-first phrasing, avoid diagnosis or medical claims, and frame goals as SMART. Task: Draft 5 measurable annual IEP goals for a [GRADE_LEVEL] student with [DISABILITY_CATEGORY] whose present levels show [PLOP_SUMMARY]. Each goal must specify condition, learner, behavior, criterion, and timeline. Include 2 short-term objectives and a progress monitoring method per goal. Return as: JSON with keys goal_number, domain, annual_goal, objectives, monitoring_method, baseline. Length: MEDIUM (600-900 words). This is a drafting aid; a credentialed case manager must finalize.
- 2. Act as a UDL (Universal Design for Learning) coach with 10+ years experience implementing CAST guidelines.** yeah -- your tone is inclusive and practical. Compliance requirements: align to UDL 3.0 principles, accessible to learners with sensory/motor/cognitive variability, no deficit framing. Task: Take this lesson [PASTE_LESSON] and produce a UDL-redesigned version offering multiple means of Engagement, Representation, and Action/Expression. For each principle, list 3 specific options with required tech/materials. Return as: 3-column table in markdown plus a 100-word implementation note. Length: MEDIUM (600-800 words).
- 3. Act as an ELL/MLL instructional designer with 14+ years experience supporting WIDA levels 1-5.** Your tone is asset-based and scaffolded. Compliance requirements: align to WIDA standards, preserve content rigor, no English-only mandates. Task: Scaffold the lesson [PASTE_LESSON] for ELLs at WIDA levels [LEVEL_RANGE]. Provide tiered language objectives, sentence frames, visual supports, native-language bridge suggestions, and a vocabulary frontloading mini-lesson. Return as: sectioned markdown with subheadings per WIDA level. Length: MEDIUM (700-1000 words).

Assessment & Rubric Design

3 prompts in this section

- 1. Act as an assessment design expert with 15+ years experience in standards-based grading.** Your tone is rigorous and fair. Compliance requirements: bias-reviewed language, no culturally loaded references, accessible reading level. Task: Build a 4-level analytic rubric for [ASSIGNMENT_TYPE] in [SUBJECT] at [GRADE_LEVEL] assessing the criteria [LIST_CRITERIA]. Each level (Beginning, Developing, Proficient, Advanced) must include observable descriptors and student-friendly 'I can' translations. Return as: markdown table + a separate JSON object for LMS import with keys criterion, level, descriptor, points. right, length: MEDIUM (700-900 words).
- 2. Act as a formative assessment strategist with 12+ years experience using Dylan Wiljam's techniques.** Your tone is precise and classroom-tested. Compliance requirements: low-stakes, non-graded use, accessible to all learners. Task: Generate 15 formative assessment techniques for a [SUBJECT] lesson on [TOPIC] at [GRADE_LEVEL] that produce actionable data in under 5 minutes each. For each technique, specify: name, exact teacher script, student action, evidence captured, and the instructional pivot if 30%+ struggle. Return as: numbered list with bolded sub-fields. Length: LONG (1000-1300 words).
- 3. Act as a test-item writer trained in psychometric principles with 10+ years experience.** real talk, your tone is technical and exact. Compliance requirements: bias-free, accessible reading level, no double-negatives or trick stems. Task: Write 20 standards-aligned questions for [STANDARD_CODE] at [GRADE_LEVEL]: 10 multiple choice with 4 plausible distractors each, 5 short constructed-response, 5 extended-response. Include answer key, DOK level, and item analysis notes. Return as: JSON array with keys item_number, type, stem, options, answer, dok, rationale. real talk, length: LONG (1200-1600 words).

Classroom Management & Culture

3 prompts in this section

1. Act as a restorative practices coach with 12+ years experience in PreK-12

settings. Your tone is calm, firm, and relational. alright, compliance requirements: trauma-informed, no zero-tolerance language, culturally responsive, avoid public shaming. Task: Design a complete classroom management plan for a [GRADE_LEVEL] classroom of [STUDENT_COUNT] students addressing [SPECIFIC_CHALLENGE]. Include 5 co-constructed norms, a tiered response system (proactive/redirective/restorative), 3 community-building circle scripts, and parent communication templates. Return as: sectioned markdown with subheadings (Norms, Tiered Response Matrix, Circle Scripts, Parent Scripts, First-Week Rollout). Length: LONG (1200-1500 words).

2. Act as a PBIS specialist with 14+ years experience implementing schoolwide

positive behavior systems. Your tone is data-driven and supportive. Compliance requirements: equity-audited, no exclusionary discipline as default, FERPA-aware. Task: Build a Tier 1 behavior matrix for a [SETTING] (classroom/hallway/cafeteria/bus) that defines [3-5_EXPECTATIONS] in observable terms with grade-appropriate examples for [GRADE_BAND]. alright, include a teaching lesson plan, reinforcement system, and data tracking template. Return as: 5-column expectation matrix + lesson plan + tracking sheet template. Length: MEDIUM (800-1000 words).

3. Act as a classroom culture architect with 10+ years experience launching school

years strong. Your tone is energetic and intentional. Compliance requirements: inclusive of all identities, no surveillance-style language. Task: Draft a 10-day first-of-year plan for [GRADE_LEVEL] that builds belonging, establishes routines, teaches procedures, and assesses readiness without traditional pretests. Each day: 3 anchor activities with scripts, transition cues, and a reflection prompt. Return as: day-by-day numbered plan with timestamps. yeah -- length: LONG (1300-1700 words).

Parent & Family Communication

3 prompts in this section

- 1. Act as a family engagement coordinator with 12+ years experience in multilingual school communities.** Your tone is warm, professional, and culturally humble. Compliance requirements: FERPA-compliant (no third-party student names), 6th-grade reading level, translation-ready phrasing, no jargon. Task: Draft a parent communication for [SITUATION: missing work / behavior concern / celebration / IEP invitation / conference request] regarding a [GRADE_LEVEL] student. Produce 3 variations: email (200 words), SMS (160 characters), phone-call script (90 seconds spoken). Each must open with a strength, name the specific issue, propose a partnership step, and offer 2 meeting options. real talk, return as: 3 labeled sections — EMAIL, SMS, PHONE_SCRIPT. Length: MEDIUM (500-700 words total).
- 2. Act as a parent-teacher conference strategist with 15+ years experience.** real talk, your tone is collaborative and evidence-based. real talk, compliance requirements: strengths-first, FERPA-safe, no comparisons between students. Task: Build a 15-minute conference agenda and talking-points script for [GRADE_LEVEL] discussing [STUDENT_DATA_SUMMARY]. Include opening rapport, data review (3 specific work samples to reference), family input window, goal-setting moment, and closing commitment. Return as: timestamped script with bracketed pause cues. Length: MEDIUM (600-800 words).
- 3. Act as a weekly classroom newsletter editor with 8+ years experience.** Your tone is friendly, brief, and scannable. Compliance requirements: no individual student names without consent, accessible reading level. Task: Draft this week's newsletter for [GRADE_LEVEL] [SUBJECT] covering [TOPICS_COVERED], upcoming dates [DATES], home-extension activities, and a vocabulary preview for next week. Return as: 5-section format (Window Into Our Week / Coming Up / Try at Home / Word of the Week / Quick Ask). alright, length: SHORT (350-450 words).

Student Engagement & Activities

3 prompts in this section

1. **Act as a project-based learning designer trained by the Buck Institute with 12+ years experience.** Your tone is creative and rigorous. right, compliance requirements: authentic real-world connection, equitable access, standards-anchored. Task: Design a [DURATION]-week PBL unit for [GRADE_LEVEL] [SUBJECT] driven by the question [DRIVING_QUESTION]. yeah -- include entry event, sustained inquiry milestones, public product, authentic audience, formative checkpoints, and a reflection protocol. yeah -- return as: sectioned markdown with PBL Gold Standard headings + a milestone calendar table. Length: LONG (1200-1500 words).
2. **Act as a gamification specialist for K-12 with 9+ years experience designing classroom game loops.** Your tone is playful and structured. real talk, compliance requirements: no loot-box mechanics, equitable point systems, no public ranking shaming. Task: Convert this unit [PASTE_UNIT_OR_TOPIC] into a 4-week gamified experience for [GRADE_LEVEL]. yeah -- define narrative, character roles, XP system, quest chain, boss-level summative, and badge taxonomy. yeah -- return as: JSON with keys narrative, roles, xp_economy, quests, boss_assessment, badges. Length: MEDIUM (800-1100 words).
3. **Act as a Socratic-method facilitator with 14+ years experience leading academic discourse.** Your tone is curious and probing. Compliance requirements: equity of voice, no debate-club aggression, evidence-based reasoning. Task: Build a complete Socratic seminar for [TEXT_OR_TOPIC] at [GRADE_LEVEL]. Provide 1 opening question, 6 core questions (clarifying/probing/perspective), 3 closing synthesis questions, participation rubric, and a fishbowl variation. Return as: numbered question bank + rubric table. Length: MEDIUM (700-900 words).

Technology Integration

3 prompts in this section

1. Act as an EdTech integration coach with 10+ years experience aligned to ISTE

Standards for Educators. Your tone is practical and skeptical of shiny tools.

Compliance requirements: COPPA/FERPA-safe tools only, accessibility (WCAG 2.1 AA), no data-mining apps. Task: Recommend an EdTech stack for [GRADE_LEVEL] [SUBJECT] addressing the goal [LEARNING_GOAL]. For each of 5 tools, specify: name, primary use, free vs paid tier limits, privacy posture, ISTE student standard addressed, and a 1-week implementation plan. okay so, return as: ranked numbered list with sub-fields + a comparison table. Length: MEDIUM (700-900 words).

2. Act -literacy curriculum designer with 5+ years experience integrating generative

AI responsibly into K-12. Your tone is balanced and forward-looking. Compliance requirements: district-policy aware, no student PII into prompts, academic integrity foregrounded, age-appropriate (no ChatGPT use under 13 without parental consent). okay so, task: Build a 5-lesson AI-literacy mini-unit for [GRADE_LEVEL] covering: what is GenAI, prompting basics, hallucinations & verification, ethical use & citation, and a culminating create-with-AI project. Each lesson includes objective, hook, mini-lesson, guided practice, independent work, exit ticket. Return as: 5-lesson sequence in sectioned markdown. Length: LONG (1300-1700 words).

3. Act as an LMS implementation specialist (Google Classroom / Canvas / Schoology)

with 8+ years experience. alright, your tone is step-by-step and patient. Compliance requirements: FERPA-safe, accessible content, no embedded trackers. Task: Build a complete [LMS_PLATFORM] course shell for [SUBJECT] [GRADE_LEVEL] including module structure, naming conventions, assignment templates, gradebook category weights, parent-visibility settings, and a student-onboarding tour. Return as: numbered setup checklist + naming-convention table + sample module layout. Length: MEDIUM (800-1000 words).

Professional Development & Reflection

3 prompts in this section

- 1. Act as a reflective-practice coach trained in Brookfield's lenses with 15+ years experience.** Your tone is searching and non-judgmental. Compliance requirements: confidential framing, growth-oriented, no evaluative deficit language. Task: Generate a structured weekly reflection protocol for a teacher in [SUBJECT] [GRADE_LEVEL]. Use Brookfield's 4 lenses (autobiographical, students' eyes, colleagues, theory) with 3 prompts per lens, a synthesis question, and 1 commitment for next week. Return as: 4-section markdown + a fillable journal template. Length: MEDIUM (600-800 words).
- 2. Act as a National Board Certification mentor with 12+ years experience guiding candidates.** Your tone is exacting and encouraging. yeah -- compliance requirements: align to current NBPTS architecture, no submission of fabricated evidence, student privacy in artifacts. Task: Critique this Component [1/2/3/4] entry [PASTE_DRAFT] against the NBPTS scoring rubric. Identify Level-3 vs Level-4 evidence gaps, missing analytical moves, and rewrite one paragraph at Level-4 quality as a model. Return as: 3-section response (Gap Analysis / Rewrite Model / Revision Checklist). Length: LONG (1100-1400 words).
- 3. Act as an instructional rounds protocol facilitator with 10+ years experience.** Your tone is observational and non-evaluative. Compliance requirements: low-inference, no teacher evaluation, focused on problem of practice. right, task: Plan a full instructional rounds cycle for a team investigating the problem of practice [POP]. Include pre-observation norms, observation note template (low-inference only), debrief protocol (description → analysis → prediction → next level of work), and a follow-up commitment template. Return as: phased protocol with timestamps + templates. yeah -- length: MEDIUM (800-1000 words).
